Good morning Veronica!

Thank you so much for your maintenance request regarding the water leak in the garage. Can you tell me what area/space this is in exactly please? We have a repair scheduled for this AM and I want to verify whether or not it is the same one that you are referring to.

Thanks so much!

Hi Gloria,

Thanks for the quick response! There are leaks over multiple spots - 3 (my spot), 5, 9, and 12. I moved my car to the spot across the way for now.

Hi Veronica!

Just wanted to let you know that I have a different plumber en route to clear the mainline at the property, and it should be resolved ASAP!

Thanks so much for the email and info:)
