Good morning,

I'm just wondering how much longer this construction is going to last and why we never got any notice that this was happening?

I work the night shift so this has been very disruptive to my sleep. Is there any way they can work on the apartment next door (Apt 2) in the afternoons? I would greatly appreciate it.

Thanks,
Veronica

Good morning Veronica!

I'm so sorry for the noise and inconvenience! The first few days of demo tend to be noisy but once that's complete the work shouldn't be as disruptive. I will also relay your request to their supervisor, and ask if they can please accommodate, should they not be finished with the initial phase yet.

Thanks so much.
