As per our conversation we have permission to continue work. We have access to the unit while you are at a hotel in order for us to complete the work. You keep going and exposing yourself by going in the unit. Your wife kicked out our crew and now it has caused additional time. The crew is not available until Friday so we may need to call another vendor. We should not have to cover additional cost associated to your wife kicking out our crews.

Jimmy Ordaz
Director of Property Management
