Service Request Information

Issue: Other - Please see comments

Ref#: 158-1

Category: Plumbing and bath

Location: Bathroom

Item: Other

Comments: On Sunday afternoon, I noticed a small wet spot on the carpet that is bordering the bathroom. When I soaked it up, the wetness looked and smelled like urine. I have been working all weekend and my husband has been out of town so I'm not sure how it got wet unless something is leaking from underneath. And no matter how much I soak up the wetness, the area remains wet and has been getting larger each day.
